situation: how much has balance dropped, recent production, sales/expenditures, current balance.

Whether or not we can give him anything unclassified, we should probably give him current status report at whatever classification is needed.

3. Mr. Lipscomb gave the Director a letter from Department of Commerce dated 13 November 1967, stating that a license had been issued for sale of gold mining equipment to the Soviet Union. He asked the Director (a) whether CIA had been consulted, and (b) whether the equipment would be of critical value to USSR in view of need for gold.
